Updates on Construction Projects

- x PENDING: Education Garage is managed solely by FMAS (Facilities Management and Ancillary Services) and is therefore the sole unit responsible for its reopening and operation. The Faculty of Education is not involved with the Garage operations. The Dean's Office communicates regularly with FMAS to obtain updates on the reopening. FMAS was optimistic for an opening at the end of August, but I was recently informed that we are now looking at an opening date in November. If Faculty members or staff require assistance with parking, they should contact Parking Services directly (operating under FMAS). Parking services should be able to propose solutions to Faculty and staff.
