

The Current Admission Requirements for Msc in Experimental Surgery

B.Sc., M.D., or D.V.M. degree is required, with a minimum CGPA of 3.2/4.0

2 letter of reference

CV

Transcripts

TOEFL (if necessary)

Research Proposal
Confirmation of Supervisor
Memorandum of Agreement
Letter of Intent
Interview

Rationale for changes:

- The rationale for the added requirement of letter of intent and interview is to ensure the selection of individuals who will remain committed and to ensure that they have the desired abilities and skills to perform well in the surgical innovation program not only as individuals but also in a team setting.
